Investment Policy

The investment manager will apart from assets in liquid form, invest solely in participatory interests or any other form of participation in the PTI Global Select Managers Opportunities Fund, established under the PTI Mutual Fund PCC Limited. To the extent that the assets in a portfolio are exposed to exchange rate risk, a manager may enter into financial transactions for the exclusive purpose of hedging such exchange rate risk subject to the conditions and limits in accordance with the provisions of the Act, and the Regulations thereto, as amended from time to time, in order to achieve the portfolio's investment objective. The underlying portfolio may be exposed to financial instruments.

Fund Objective

The objective of the Personal Trust PTI Global Select Managers Opportunities Feeder Fund is to offer investors the opportunity for offshore diversification and exposure to global markets. The objective of the underlying fund is to produce long term capital growth through investing in a diversified range of asset classes, but with a bias for equities.

Target Fund

The Feeder Fund accesses the PTI Global Select Managers Opportunities Fund (USD), established under the PTI Mutual Fund PCC Limited domiciled in Guernsey. That scheme is managed by PTI Guernsey Limited, a wholly owned subsidiary of Personal Trust (Pty) Ltd.

Fund Features

- The fund features are for the underlying fund, The PTI Global Select Opportunities Fund
- Managed by Brooks MacDonald Asset Management (International) Ltd & Credo Capital Plc
 - Designed for investors whose goal for the international portion of their portfolio is long-term capital growth
 - Ideal investor will have no income requirements and will be able to tolerate a high level of volatility
 - Investment horizon in excess of five years

Significant Restrictions

- The portfolio may only invest in cash and one other collective investment scheme

Distributions

- The PTI GSM Opportunities Fund, in which this fund invests, does not distribute its income. The Feeder Fund might declare and distribute income if interest earned on cash deposits exceeds expenses for the accounting period.

Income Characteristics

- Marginal to zero income yield as the PTI GSM Opportunities Fund is a roll-up fund and does not distribute its income

Returns in US Dollars

- Investment returns in US Dollars may not reconcile exactly to those of the underlying fund due to timing of investment flows and as the Feeder Fund maintains a margin of liquidity in South Africa to cater for redemptions.

Investing Offshore

- While an investment in the fund provides for global asset exposure, you may only invest and withdraw rands. Your contribution to a fund of this nature is over and above the South African offshore allowance.

The value of the participatory interest may go up as well as down and past performance is not necessarily a guide to future performance. Performance disclosed in the fact sheets is applicable to the respective fund. Performance figures include income distributions, prior to deduction of withholding taxes and are calculated after management fees. Personal Trust International Management Company (Pty) Limited does not provide a guarantee either with respect to the capital or the return of a portfolio. Actual investor performance may differ as a result of the investment date, any initial fee charged, the date of reinvestment and any withholding tax. Performance figures quoted are for the period ending 31 March 2024 based on a lump sum investment, fully invested for the period measured, using NAV prices which include fees and charges, excluding any initial fees, with income distributions, gross of withholding tax, reinvested on ex-dividend date.
