Fund Objective

- To seek above-average returns through exposure to a full equity weighting within the guidelines of Regulation 28 of the Pension Fund Act.

Fund Features

- Suitable for investors saving for retirement, who can stay invested for 5 years or longer and for those looking for an investment that balances long-term growth with medium to high level of risk
- Invests in a combination of local and foreign equities, property trusts, bonds and cash.
- Makes use of an indexation strategy for domestic equity management (JSE CAPI J303T) and domestic sovereign bond (S&P South Africa Sovereign Bond 1+Year Index) management.
- Will tend to have an increased probability to volatility in the short term due to high equity exposure therefore suitable for investors with a longer term investment horizon

EXPLANATORY NOTES

3 Year Rolling	1 January 2019 – 31 December 2021
12 month historic yield	All income declared during the previous 12 months, gross of any withholding tax, as a percentage of the NAV price on the date of the MDD.
Annualised	The compound annual growth rate over the performance period measured. Past performance is not indicative of future performance.
Benchmark	Multi-Asset funds provide exposure to various asset classes, both locally and internationally. Personal Trust makes use of a proprietary composite benchmark, measuring asset exposure for each asset class against its respective benchmark. The benchmark is a composite of the following indices: South African Short Term Fixed Interest Rate - Call Deposit Index (SA cash), IMF Special Drawing Rights (USD) (Foreign cash), FTSE/JSE All Bond Index TR (SA bonds), JP Morgan Global Bond Index (foreign bonds), FTSE/JSE Capped All Share Index TR (JSE listed equity), MSCI World Index TR (foreign listed equity), FTSE/JSE SA Listed Property Index TR (SA listed property). The composite benchmark is subject to ongoing review and the weightings may be adjusted on a periodic basis in order to capture changing economic trends, or regulatory restrictions. Should weightings be adjusted, the historic benchmark performance will remain unchanged. The composite index was re-weighted with effect 01 January 2020.
Financial Year	1 January – 31 December
Highest & Lowest Returns	Returns achieved over rolling one year periods since inception. Actual annual figures are available to the investor on request.
Maximum Drawdown	Maximum percentage decline over any period. Drawdown is calculated on the total return of the Fund/benchmark.
Percentage positive months	The percentage of calendar months in which the Fund produced a positive monthly return since inception.
Total Expense Ratio (TER)	The percentage of the value of the Financial Product incurred as expenses relating to the administration of the Financial Product.
Transaction Cost (TC)	The percentage of the value of the Financial Product incurred as costs related to the buying and selling of the assets underlying the Financial Product.
Total Investment Charges (TER + TC)	The percentage of the value of the product incurred as costs relating to the investment of the Financial Product.

Kindly address any complaints to our Complaints Officer at compliance@ptrust.co.za. The B class investment is a tax-free product in terms of section 12T(8) of the Income Tax Act, 1962. B class investments are only open to natural persons that are South African residents. An individual may contribute up to a maximum of R36 000 per tax year or R500 000 over their lifetime into tax-free products. Any contributions above these limits will be taxed by SARS at 40% of the excess contribution value. A pre-existing financial instrument investment may not be converted to a tax-free saving investment Growth in the investment and the reinvestment of distributions does not count towards the annual and lifetime contribution limits. Should individuals withdraw funds from their tax-free investments, they are not allowed to include these amounts as an addition to their future contribution limits. All returns from such products will be free of all South African tax in the hands of the individual who owns them, subject to the SARS defined threshold. It is the responsibility of the individual investor to ensure these limits are met and the Manager bears no liability for actions performed by the investor which may result in the limits being exceeded. No transfer may be done unless it is to another tax-free investment in the name of the investor. All transfers must be accompanied with a Transfer Certificate in the format prescribed by SARS. Transfers between product providers may not take place between 14th February and 1st March annually. A service provider may not deposit an amount in respect of a tax-free investment that is withdrawn from an account other than into an account that is held in the name of the investor in respect of whom the tax-free investment is issued. Collective Investment Schemes (CIS) are generally medium to long term investments. The value of the participatory interest may go up as well as down and past performance is not necessarily a guide to future performance. Performance disclosed in the fact sheets is applicable to the respective fund. Performance figures include income distributions, prior to deduction of withholding taxes and are calculated after management fees. Personal Trust International Management Company (Pty) Limited does not provide a guarantee either with respect to the capital or the return of a portfolio. Actual investor performance may differ as a result of the investment date, any initial fee charged, the date of reinvestment and any withholding tax. Performance figures quoted are from Morningstar for the period ending 30 April 2022 based on a lump sum investment, fully invested for the period measured, using NAV prices which include fees and charges, excluding any initial fees, with income distributions, gross of withholding tax, reinvested on ex-dividend date. Personal Trust International Management Company (Pty) Ltd has the right to close the portfolio to new investors in order to manage it more efficiently in accordance with its mandate. CIS are traded at ruling prices and can engage in borrowing and scrip lending. The Personal Trust Managed Fund makes use of indexation (JSE CAPI TR index – J303T) for the management of the domestic equity portion of the Fund. This strategy is managed by Sanlam Investment Management (Pty) Ltd, FSP licence number 579. There have been no breaches in the fund during the reporting period. Subscription by institutional investors, or by investors deemed to be institutional investors by the Manager, may be permitted by invitation only. The terms of subscription by institutional investors will be concluded at time of invitation. Historic pricing is used. A schedule of fees and charges and maximum commissions is available on request from the company. Commissions and incentives may be paid and if so, would be included in the overall cost. The Fund may invest in portfolios of collective schemes that levy their own charges, which could result in a higher fee structure for the Fund. A Fund of Funds portfolio will invest in portfolios that levy their own charges, which could result in a higher fee structure for the Fund of Funds. In both instances, the charges levied by the portfolios of collective investment schemes into which the Fund invests are reflected in the Total Expense Ratio. A portfolio can invest in foreign securities which may have exposure to potential constraints on liquidity and the repatriation of funds; macroeconomic risks; political risks; foreign exchange risks; tax risks, settlement risks; and potential limitations on the availability of market information.
